GEORGE HOWARD HELD

MUST ANSWER FOR THE KILLING OF "BUCK" ALLSTON.

Testimony Given by Witnesses at the Inquest Held by Coroner Today.

George Howard, the young colored man who killed "Buck" Allston, also colored, by striking him with a brick Monday night during a row on L street, as published in yesterday's Star, was held for the action of the grand jury at the inquest held this morning at the sixth precinct station. Lieut. Byrnes, in whose precinct the homicide occurred, was present at the inquest, as were Detective Boyd, who made the investigation, and Sergt. Lyda, who arrested Howard. Witnesses who were near the entrance to Naylor's alley when the trouble occurred were examined by the jury. One witness stated that the men were in the saloon, and that they were ordered out because they engaged in a quarrel. Other witnesses said that only Allston entered the saloon, while Howard remained on the sidewalk near the saloon door. Howard, they stated, had a piece of brick in each hand, while Allston had ice hooks on his

Throwing of the Bricks.

One piece of brick was thrown almost the instant the victim stepped from the saloon. It was in evidence that the first missile was warded off by Allston, and that the second piece struck him on the side of his head.

Howard, it was stated, made the remark: "I'm going to kill him." Jennie Nelson, colored, t resident of Nay-lor's alley, testified that Howard was in the alley Sunday looking for Allston. She heard him say Allston owed him \$2 for board, and that unless the money was paid by 12 o'clock he intended to kill him. She said he was advised not to use violence, whereupon he repeated his threat.

Michael McKane, proprietor of the saloon near which the homicide was committed, told the jury that he put Howard and another colored man out of his place Monday night. The men were engaged in a war of words. One of them had two pieces of brick in his hands, while the other had ice hooks. The men were strangers to him.

The Doctor's Testimony.

Other witnesses were examined by the jury, including Dr. Buchanan of the Homeopathic Hospital, who said the victim lived only a few seconds after he reached the hospital. The autopsy performed by Deputy Coroner Glazebrook showed a fracture of the skull and cere-

bral hemorrhage.
Ananias Aliston, a twin brother of the deceased arrived here last night from Portsmouth, and was present at the in-quest. Through the assistance of the colored Odd Fellows in this city he will be able to take his brother's body to Portsmouth for interment. Attorney Charles F. Diggs appeared as counsel for the prisoner.

Condemnation Proceedings in Connection With Government Office Site.

Hearing was concluded late yesterday afternoon before the Supreme Court of the District of Columbia, sitting as a United States district court, with Justice Anderson on the bench, in connection with the matter of the condemnation of square 690 as the site for the proposed office building for the House of Representatives.

Mr. A. A. The majority of these prayers are precisely similar to the ones given by the court in the matters of the Post Office Department and the Rock Creek Park con-

The legal representatives of several of the owners of property embraced in the square entered objections to certain of the pray-ers, and arguments, based on such objections, followed. EXCURSIONS.

These Indian Head trips Thursday, Friday and Saturday evenings via steamer Charles Macalester are as popular as ever this season and as the moon is now gloriously full the boat will doubtless carry an unusually large number of young people who are fond of looking out on the water in the shimmering, silvery moonlight and wondering what the wild waves are saying. The Macalester will leave at 6:30

p.m., as usual, stopping at Marshall Hall both ways, and those who desire to dance can do so, as the Marshall Hall band plays all the latest popular music on the large airy pavilian until the return of the Macalester from Indian Head. In addition, day trips are made to the Hall at 10 a.m.

The condition of the weather seems to have little to do with the attendance at Chevy Chase Lake; the concerts are almos as well attended and the pavilion presents as lively a scene on inclement evenings as on fair. Regularly the evening concerts open at 7:30, continuing until 9, from which hour until 11 there is dancing. During intermission one may shoot, bowl, row on the lake or while away the time in various other amusements.

The special excursions of the Norfolk and Washington Steamboat Company every Friday and Saturday evening enable one to spend a few days at Old Point, Virginia Beach, Ocean View, etc., at comparatively small expense. Sunday School's Outing.

FIRE OF UNKNOWN ORIGIN.

The Sunday school of the Congress Heights Methodist Episcopal Church is arranging to hold its annual outing in Hungerford's Grove between Congress Heights and Oxon Hill, Md., the 21st of the present month. It is proposed to provide amuse-ments on a large scale. A shooting match at clay pigeons is scheduled to occur at the same place in the afternoon between mem bers of the Anacostia Gun Club.

Skin, Scalp and Blood Humors.

DISFIGURING

From Pimples to Scrofula From Infancy to Age.

Speedily Cured by Cuticura When All Else Fails.

The agonizing itching and burning of the skin as in Eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurements, as in acne and ringworm; the awful suffering of infants, and anxiety of wornout parents, as in milk crust, tetter and salt rheum-all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures, blood purifiers and humour remedies of the civilized world.

Bathe the affected parts with hot water and Cuticura Soap to cleanse the surface of crusts and scales and soften the thickened cuticle. Dry, without rubbing, and apply Cuticura Ointment freely to allay itching, irritation and inflammation and soothe and heal, and, lastly, take Cuticura Resolvent to cool and cleanse the blood. This complete local and constitutional treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning and scaly humours of the skin, scalp and blood, and points to a speedy, permanent and economical cure when all
